

Use of COMET Logo

As a general rule, we encourage the use to the COMET logo by our business partners (i.e. representatives) wherever this is possible and appropriate. This may especially be the case for sales literature such as brochures, technical data sheets, price lists, for the use in exhibitions, trade shows, on stationary or marking on doors or entrances.

Peculiarities of the COMET logo:

- Line thickness of ellipse increases on right hand side
- Thickness of the six rays increases towards right hand side
- Logo to be shown in horizontal position

COMET RED Color Definition:

- CMYK C0M90Y100K0
- Pantone 1795 CVU
- RGB 255, 0, 0
- Webcolor FF0000
- RAL 3020

A copy of the COMET logo is shown below and may be used for your artwork. Please do not hesitate contacting COMET for your need of the COMET logo as an electronic data file.
